EVALUATION SYSTEM – KATA

1. **Katas** will be evaluated according to **IKOKU**
2. Kata categories are determined according to participant age and belt level (kyu).
3. A team of judges consists of **5 judges**, including the **Chief Judge** who takes charge of the competition.
4. Each participant goes to the judge and announces the kata to be performed.
5. All participants must perform a **traditional kata**. A traditional kata is a series of traditional karate techniques that can be taught and performed by all members of an organization; it is an element required during kyu examination, and not a tailor-made kata for one or a few members of the organization.
6. Each judge will award a score (between 5 and 10) to each participant. The highest and lowest scores will be disregarded. The sum of the remaining 3 scores will be awarded and used to establish the participant's ranking within his/her category. A tie will be broken using the two dismissed scores, using the lowest score first. If equality persists, candidates will perform again, a kata of their choice or the same kata, at the Chief Judge's discretion.
7. Kata will be evaluated based on:
 - Basic positions
 - Kicking technique
 - Shuto / Punch Techniques
 - Balance and Fluidity
 - Attitude and Intensity
 - Speed and Control
 - Level of difficulty of the kata
8. Judges also take into account consistency in the performance of techniques. If a participant performs the same technique several times in his kata, and that it appears different each time, he/she will be penalized.
9. The performance of each participant is evaluated relative to that of the other participants in the category.
10. **Elite Kata: participants from 4th kyu to Black belt must prepare to perform two different traditional kata** of their choice: a primary performance kata and a second kata in the event of a tie for one of the top 3 positions. If a participant chooses to perform the same kata twice, a **deduction of ½ point** will be awarded by each judge. If the number of the category exceeds 16 people, there will be : a first round with imposed kata, the 2nd round a kata of your choice and the 3rd round another kata of your choice.
